

HOW TO FIND MODEL & SERIAL NUMBER

- If you're not sure of the model or serial number, please refer to the product's data plate. The data plate is located on the inside left wall of the unit.
- For free open burner gas ranges and cooktops, lift and remove top left burner grates to expose product data plate containing model and serial number.
- For salamander, it is located behind the access panel on the right side of the unit.
- For sealed burner gas ranges (round burners) the data plate is located behind removable back guard, behind stove or in the manual.
- Wall ovens, data plate is located behind top control panel.
