Subject: Service Assembly	Product Type: Microwave	Model No: PMOR30B,R,S	Bulletin No: 04-05

There have been reports of fluctuation in the cavity of PMOR over the counter microwaves. To address this situation, order service assembly **66032**. This service assembly consists of a cushion that is placed inside the base cover on the center of the flange. (pictured below)

This has proven to effectively correct the fluctuating situation.
