

## PART IDENTIFICATION LEGEND

Find Part Breakdowns for old ILVE models in our website:

- <https://www.guaranteedparts.com/>

Old/Discontinued models (Nostalgie I and Professional Plus I) start with:		If the SKU of the range contains:
- UPN	- UPDN	'MP' = DUAL FUEL RANGE  'VGG' = ALL GAS RANGE
- UPW	- UPDW	

EXAMPLE:

- **UPN76DMP...** - 30 INCH NOSTALGIE I DUAL-FUEL (starts with UPN so it's an old/discontinued model) (MP is in the SKU which means it's a dual-fuel range)
- **UP30NMP...** - 30 INCH NOSTALGIE II DUAL-FUEL (does not start with UPN or UPDN so it's a new model)
- **UP76DVGG...** - 30 INCH NOSTALGIE I ALL-GAS (starts with UPN so it's an old/discontinued model) (VGG is in the SKU which means it's an all-gas range)

**Important Note:** Since the **Nostalgie** and **Professional Plus** models **are internally identical**, the parts **breakdowns** are the **same**.

For example, the parts breakdown titled "UP\_90FMP" - the underscore means N **OR** W

EXAMPLE:

"UPN90FDMPI"

vs

"UPW90FDMPI"

**N** = NOSTALGIE

**W** = PROFESSIONAL PLUS

**More information** about your ILVE parts codes:

The last two digits of the part SKU indicate the color or trim hardware for cosmetic parts:

**08** = Chrome

**16** = Brass

**18** = Bronze/Burnished

**20** = Copper

EXAMPLE:

EA42700030000**08** = Majestic Chrome Handle D=22 I=625

EA42700030000**16** = Majestic Brass Handle D=22 I=625

EA42700030000**18** = Majestic Burnt/Bronze Handle D=22 I=625

EA42700030000**20** = Majestic Copper Handle D=22 I=625
